

Gliderol TM390 Coding Instructions

Genuine TM390+

Note: Pressing the enter button for 5 seconds or more will erase all handset data from your operator - be careful not to press the enter key for longer than necessary

Programming Your Remote Into the Motor

- 1 Press and hold the "Enter" for two seconds to access the operator menu.
- 2 Use the arrow keys to select the Learn option, and press enter. The unit will beep 3x.
- 3 Press any button on the remote. The motor will beep once if successful.
- 4 Allow 3 seconds for the unit to exit setup mode. Your remote will then be ready for operation!

Clearing The Codes From Your Motor

- 1 Press and hold the enter button for 5 seconds.
- 2 Test that your remote no longer operates the motor
