REMOTES & OPENERS

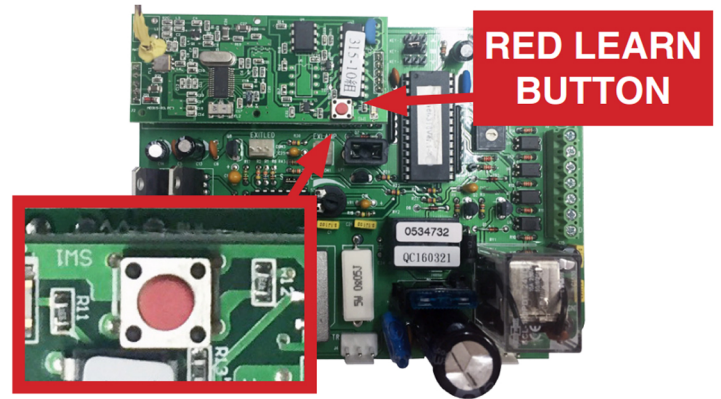

## Gliderol TM305c Programming Guide

*Genuine TM305c*

*Active TM305c*

### Programming Your Remote Control

- 1 Carefully remove the cover from the control box by lifting the tab at the bottom
- 2 Press the receiver button once and a red LED will illuminate
- 3 Press the large button on the transmitter once and hold until the red LED turns off
- 4 Test the operation of your new remote

### Clearing The Codes From Your Motor

- 1 Press and hold the receiver button for 12 seconds
- 2 Test that your remote no longer operates the motor

For technical support, see our website below.  
Please have the model number of your remote control and garage / gate opener before calling.
