Era Inti Programming Guide

Genuine Nice Era Inti

Programming Your Remote Control

Copying Code From Previous Remote

- 1 Hold your new and old transmitters so they are touching head-to-head.
- 2 Press and hold any button on your new remote until the LED of your old remote control illuminates, then release.
- 3 The LED on your old remote control should now be blinking. Next, press and hold any button on your old remote until the LED of your new remote control illuminates.
- 4 Release the button on your old remote control and wait for both remote LEDs to go out.
- 5 Test the operation of your new remote control!

For technical support, see our website below.
Please have the model number of your remote control and garage / gate opener before calling.
